KaMin LLC to Increase Kaolin Prices for Industrial Markets

MACON, GA. November 8, 2013 - KaMin LLC announces that it will increase prices for kaolin clay products for global industrial markets 4 to 7% effective January 1, 2014, or as contracts allow. KaMin is committed to investing the necessary resources in technology, innovation and people for long-term sustainability in order to continue to serve our customers at a high level. KaMin's goal is to create the greatest value for its customers through partnerships geared toward delivering cost effective solutions designed to reduce formulation cost and to optimize product performance.

KAMIN LLC

KaMin LLC is a manufacturer of high quality hydrous and calcined kaolin. With more than 70 years of experience, KaMin's reserves and proprietary processing technologies produce high quality kaolins for a variety of applications.

KaMin mines and produces its kaolin in the United States and sells its products to all regions of the world. KaMin operates three kaolin plants – Macon, Sandersville and Wrens – and has been recognized not only as a leader in product quality but also in its safe mining practices for many consecutive years.
